

# COMMERCIAL CAPITAL

COMPANY, LLC

Buying additional scientific equipment can represent a large capital investment for your laboratory. That is why Mid-America Instruments wants to connect you with Commercial Capital who offers lease-financing solutions designed to assist you in acquiring needed equipment. You will appreciate their straightforward way of doing business.

For instance, Commercial Capital assists you to AVOID the Hidden Fees and End-of-Lease Traps that are common in the leasing industry. Some of these include Forced Automatic Renewals, Late Fees Assessed at 1 day, Certified Cancellation Requirements, and Forced Insurance Fees. Instead, Commercial Capital helps you sidestep the headaches and reduces the total cost over the term of the agreement.

Commercial Capital is a privately owned lease-finance company that understands each business has individualized financing needs. They will work one-on-one, to understand and find the right lease-financing option best suiting each equipment purchase. Based in the Kansas City area since 1988, Commercial Capital provides lease-financing nationwide.

Experience a finance partner that allows your business to prosper, and values a straightforward way of doing business!
